MERZ BROS.

CONGRESSMAN THEODORE BURTON, who succeeded J. B. FORAKER in the U. S. Senate after March 4th, 1909, for the past fourteen years has had charge of the Rivers and Harbors affairs in the House of Representatives, and during his Chairmanship nearly \$300,000,000 have been appropriated for rivers, harbors and canals and upon improvements upon quite 5,000 miles of waterways.

There is no question but what Mr. BURTON is a conservative statesman and a good man to have on the job when populist assaults are made upon the National Treasury. However, we, in the Ohio Valley, know that his policy toward the Ohio river has been one of prejudice or misguided judgment, for there surely can be no wisdom or economy in beginning a great public work like that of improving 1,000 miles of the greatest waterway on earth, spending many millions, and then stopping the scheme, thus causing millions in losses to shipping and deterioration of work already done. The fact that Congressman BURTON is a resident of Cleveland, and that Cincinnati is on the Ohio river, would seem to be the solution of this anomalous situation.

When Congressman BURTON changed to Senator BURTON, we may expect a continuance of his hostility toward the Ohio river. But it has probably dawned upon his mind now that the great work of locking and damming the Ohio river is a National proposition that will brook no further delay simply to gratify one man's spite against a big city and permit his own to reap the benefit of his work as boss of the Congressional Committee controlling the appropriation.

Both Mr. BURTON and Speaker CANNON understand each other and stand together and

have stood together in their combined endeavor to block any big and proper appropriation to continue and finish, within ten or twenty years, the vast scheme as outlined and indorsed by U. S. Engineers. It is only because of the opposition of damfool Democrats and prejudiced and spiteful Republicans that the Ohio river hasn't, long ago, come into her own.

A bas, T. BURTON and J. CANNON!

NAT GOODWIN's new play is called "The Master Hand." NAT has spent a good deal of money in quest of that hand.—Courier-Journal.

THE State Capital of Kentucky also will bid for the honor of entertaining the conference of Governors sometime this fall. It is proposed that the conference be held in the new Capitol.

How to reduce the Tariff, increase the income, increase American industry and make everybody happy is a task which is mighty hard for the Ways and Means Committee to perform with general satisfaction.—Philadelphia Inquirer.

KENTUCKY is famed for her wholesale product of beautiful women, fine horses and good whisky; but did you ever stop to think that Kentucky has also produced CARRIE NATION and some of the worst specimens of the equine breed and rotgut whisky that ever came down the Maysville and Lexington pike? Think it over.

If the States of the Union today determine to enforce State-wide Prohibition of manufacture and sale of liquor their law-makers can study with profit to themselves and their States the immense advantages, policies of conservatism and protection of the rights of their citizens have over rude assaults and disregard for prior laws or pecuniary losses to their people.—Cincinnati Enquirer.

A FROST A-COMING.

Johnnie (to new visitor)—So you are my grandma, are you?
Grandmother—Yes, Johnnie! I'm your grandma on your father's side.
Johnnie—Well, you're on the wrong side, you'll find that out!

The date for the Wheat-Cox nuptials is Thursday, April 29th, instead of the 24th, as stated yesterday.

Mr. N. V. Hall of the Maysville Telephone force met with a painful accident at the home of his brother-in-law, Manager Cochran of the Telephone Service, Sunday. He was occupying a chair that tilts back, and while sitting in a reclining position he thoughtlessly caught hold of the rim with both hands, and in a moment of forgetfulness leaned forward, and in doing so his fingers were caught between the rim and frame of the chair. Both little fingers were broken and the others badly mashed.

Mrs. Judge A. M. J. Cochran of West Third street left yesterday afternoon on the C. and O. Fast Flyer for New York City, where she will be joined by her niece, Miss Harriett Grundy, and on Thursday they will take passage on the steamer Carpathia for Naples, Italy, where they will be met by Mrs. Cochran's daughter, Miss Harriett F. Cochran, and sister, Mrs. Ellen Clelland—the latter two ladies have been sojourning in Europe for over a year. Mrs. Judge Cochran and party will tour the Continent, and will spend considerable time in England and Scotland, returning home about the middle of August.

MRS. HAYDEN SELLERS.

ORGAN RECITAL

Elegant Instrument at Christian Church Heard Last Evening

The Christian Church was crowded last night, the occasion being a recital on the elegant new pipe organ which has just been installed in the Church by the Ladies' Aid Society.

The latter organization deserves, and is given, the greatest credit for their untiring and faithful work towards this end, and each and every member felt an especial pride in the showing off of the handsome instrument last evening.

The organ is one of the largest in the city and is an exceptionally handsome one. It was installed by the Carl Barckhoff Company of Pomeroy, Ohio, Mr. Barckhoff, a member of the firm, being present last evening to see that the instrument was in thorough form for its future work.

The performer was Mr. Frederic Rogers, a very prominent concert organist. Mr. Rogers is a natural musician, and has appeared in many of the larger cities in recitals, his work everywhere being received with hearty appreciation. Last evening he rendered a very choice program, his selections bringing out the beautiful notes of the organ in every variation, and showing the possibilities of the instrument in the hands of a master musician.

Miss Sallie Milton Hall rendered very sweetly two vocal numbers.

Following was the program:
Concert Fantasy, "O, Sanctissima".....Lux
(On the prayer from Weber's "Der Freischutz.")
a "Berceuse," from "Tocelyn".....Godard
b "Melody in F".....Rubinstein
c "Gavotte Mignon".....Thomas
Vocal, "Abide With Me".....Molloy
Miss Sallie Milton Hall.
Variations on a well-known hymn tune.....
Dr. Spark
a "Spring Song".....Mendelssohn
b "Wedding March," Midsummer Night's Dream.....Mendelssohn
(Mendelssohn was born in 1809; this year is, therefore, the centennial of this great musician.)
Vocal, "Come Unto Me".....Coenen
Miss Sallie Milton Hall.
a "Tranquillo".....Schumann
b "Toccata".....Boellman
a "Sunset Melody".....Charles Vincent
b "Minuetto".....G. Saint George
Doxology.

NATIVE OF FLEMING

Prominent Indiana Mayor Dies of Neuralgia of Heart

John H. Terhune, Mayor of Anderson, Ind., and one of the foremost men of Indiana in financial, industrial and social matters, died suddenly at his home in that city Sunday night. For a week past he had been suffering from indigestion, which took an acute form and superinduced neuralgia of the heart.

Mr. Terhune was born in Fleming county December 25th, 1847, but since 1855 lived in Indiana and located at Anderson in 1874.

He served in the Civil War with the Fifty-seventh Indiana Regiment. He assisted in organizing a Bank at Anderson in 1875 and since that time had been in the banking and manufacturing business. He was serving his third term as Mayor of the Indiana city.

Besides being prominent in business and social circles Mr. Terhune was a Mason, a member of G. A. R. and other fraternities and recently a regular attendant of the Christian Scientist Church.

Mr. Terhune's estate is estimated to be worth \$250,000. He is survived by his widow and two daughters, Mrs. Hallie Dickson, wife of Fred C. Dickson, a well-known theatrical man of Indianapolis, and Mrs. Clara Schneck, wife of Robert F. Schneck, a manufacturer of Chicago.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, The Take Hall's Family Pills for constipation.

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. The incident happened soon after the Hamburg was losing sight of America. Then Tosti broke from his companions and started for the upper deck, where Mr. Roosevelt was standing with his son Kermit. "He let them take away my child," Tosti is said to have shouted. "Now he shall pay for it."

CHRISTIAN ENDEAVOR

Dr. Crossfield to Address Union in This City Friday

A mass meeting of the Union League of Christian Endeavor will be held at the Christian Church Friday evening at 7:30 o'clock. The Rev. Dr. R. H. Crossfield, President of Transylvania University, will be the speaker for the occasion.

Dr. Crossfield is an orator of wide reputation, having been one of the leading Ministers of the Christian Church prior to his election to the Presidency of Transylvania University.

The Union League is exceedingly fortunate in securing such an excellent speaker, and they heartily invite everyone to come and hear him, feeling sure that a rare treat awaits all who do.

Miss Sallie Milton Hall has kindly consented to sing a solo and Master James Bradner will play a violin solo for the occasion.

President A. O. Bowden will preside over the meeting.

The contest for the Union Banner promises to add much interest to the meeting. Several of the Societies will attend in a body and strong efforts are being made to get out a full attendance.

SPEED RECORDS

On the Ohio River—Marvelous Running of Old Time Palatial Steamers

Portsmouth Blade.

In 1850 the Buckeye State, in command of Captain Balthoven, ran from Cincinnati to Pittsburgh, 500 miles, carried 200 passengers, made 53 landings, in 1 day and 19 hours, 4 miles per hour adverse current. Speed 15.61 miles and 1.28 average landings per hour. The average depth of water in the channel was 7 feet. In 1853, the Shotwell of Louisville, on a trip from New Orleans to Louisville, 1,450 miles, made 8 landings and made the run in 4 days and 9 hours, with 4½ to 5½ miles per hour adverse current, speed of 18.81 miles per hour.

In 1855 the New Princess of New Orleans ran from that place to Natchez, 310 miles, in 17 hours and 30 minutes, with an adverse current of from 3½ to 4 miles per hour, which is a speed of 20.93 miles per hour, running time.

In 1890, the R. E. Lee made the run from New Orleans to Natchez in 16 hours, 36 minutes and 4 seconds, a speed of over 22 miles per hour, running time. She also made a run against the steamer Natches in 1870 from New Orleans to St. Louis, 1,180 miles at an average speed of 18½ miles per hour, running time.

In May, 1892, the Telegraph ran from Cincinnati to Syracuse at an average speed of 21.11 miles per hour, running the 225 miles in 20 hours and 17 minutes. She made but one landing, which was at Huntington, where she did not tie a line, but barely touched the wharf and let a man jump off, which caused a trifling loss of time.

A GREAT RECORD

Dr. Leonhardt's Internal Pile Remedy Makes 98 Per Cent. of Cures

Dr. Leonhardt's Hem-Roid has been tested in several thousand cases and was successful in all but 2 per cent.

Hem-Roid's wonderful record is due to the fact that it is an internal remedy. The cause of piles is internal, and it is too much to expect to cure piles with ointments, suppositories or operations. Hem-Roid cures the internal cause.

MAKES RAPID HEADWAY

Add This Fact to Your Store of Knowledge.

Kidney disease advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the urine is dark, foul-smelling, irregular and attended with pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's Kidney Pills. Read the statement of this Maysville citizen.

Mrs. Elmer Bridges, 206 West Third street, Maysville, Ky., says:

"I consider Doan's Kidney Pills an excellent kidney remedy and one that deserves a trial by anyone afflicted with disordered kidneys. I was subject to attacks of kidney complaint from childhood, and as I grew older the trouble became more severe. In my efforts to find relief I used remedy after remedy, but obtained no benefit until I began using Doan's Kidney Pills, procured at J. J. Wood & Son's Drug-store. They proved to be just what I needed, going directly to the seat of my trouble and entirely relieving me. I always keep a supply of Doan's Kidney Pills on hand in case I have a return of the trouble."

Are You in the Market for Your Spring Outfit?

You may not think of it, but it does make a difference to you who makes the clothes you wear, especially if the maker is willing to tell you what he makes them of and how. That's one thing we like about the Hart, Schaffner & Marx and Ederheimer, Stein & Co. clothes. (Both these lines confined to us.) They are made of strictly all-wool fabrics, and the makers seem to want everybody to know it. They advertise the fact extensively. It's the most important fact about the clothes. There are plenty of good-looking clothes for sale that are not all-wool; the makers don't claim they are. They don't say much about it. We like to sell clothes that our customers can be positive about, goods that you don't have to take anybody's word for, clothes you know are good. They are easy to sell and a satisfaction to everybody.
